ORDER

It has been recognized that Social Distancing is a potent intervention being implemented to avoid/decrease contact between those who are infected with a disease causing pathogen and those who are not, so as to stop or slow down the rate and extent of disease transmission in a community, eventually leading to decrease in spread, morbidity and mortality due to the disease.

In the context of COVID 19 outbreak, the State of Uttarakhand is taking all necessary and due precautions and issuing advisories to public at large to avoid any non essential travel. Keeping this in view, a need is being felt to restrict the entry of tourists (both domestic and foreign nationals) to prevent the spread of virus in the state. Therefore in exercise of the powers conferred by the Uttarakhand Epidemic Diseases, COVID-19 Regulations, 2020 under the Epidemic Diseases Act 1897, the entry of all tourists (both domestic and foreign nationals) is hereby banned in the State of Uttarakhand till further orders.
